

Nebraska Antimicrobial Stewardship Summit

Brought to you by:

NEBRASKA

Good Life. Great Mission.

DEPT. OF HEALTH AND HUMAN SERVICES

Nebraska Antimicrobial Stewardship
Assessment and Promotion Program

Friday, June 1, 2018 7:30 a.m. - 4:15 p.m.

Embassy Suites by Hilton Omaha La Vista Hotel & Conference Center

12520 Westport Parkway, La Vista, NE 68128

More than 2 million people are estimated to be infected by antibiotic-resistant organisms which result in over 14,000 deaths annually. Antibiotic resistance and the scarce antibiotic choices for multi-drug resistant organisms are urgent worldwide public health problems. Consequently, antibiotic stewardship has become a critical responsibility for all healthcare institutions and antibiotic prescribers. In Nebraska, access to trained and experienced antimicrobial stewardship experts is limited. This summit is designed to increase knowledge and competence as well as disseminate best-practices in antimicrobial stewardship programs.

TARGET AUDIENCE

- **Acute care hospitals and outpatient facilities:** Pharmacists, medical directors, internal medicine providers, family medicine providers, quality program leaders and all other providers interested in implementing or improving antimicrobial stewardship programs
- **Post-acute and long-term care facilities:** Medical directors, infection preventionists, consultant pharmacists, quality program leaders, directors of nursing, administrators and all other providers working on implementing or improving antimicrobial stewardship programs

SUMMIT OBJECTIVES

At the conclusion of the summit, participants should be able to:

- Describe the rationales for developing antimicrobial stewardship programs across the healthcare continuum
- Outline practical tools and strategies for implementation of antimicrobial stewardship programs in a variety of healthcare settings
- Identify metrics for tracking and reporting efforts of antimicrobial stewardship activities

SUMMIT AGENDA

- | | |
|------------|---|
| 7:30 a.m. | Registration |
| 7:50 a.m. | Welcome |
| 8:00 a.m. | Keynote Address |
| 8:50 a.m. | Scientific Sessions |
| 12:00 p.m. | Lunch and Meet-the-Experts |

The Nebraska Antimicrobial Stewardship Assessment and Promotion Program (ASAP) has secured a number of nationally and locally recognized speakers in the area of antimicrobial stewardship to present at the Summit. The list of faculty (in alphabetical order) include:

M Salman Ashraf, MBBS

Medical Director, Nebraska ICAP and Co-Medical Director, Nebraska ASAP, Nebraska Medicine; Associate Professor, Department of Internal Medicine, Division of Infectious Diseases, University of Nebraska Medical Center

Christopher Crnich, MD, PhD

Chief of Medicine and Hospital Epidemiologist, William S Middleton VA Hospital; Associate Professor of Medicine, Division of Infectious Diseases, University of Wisconsin School of Medicine and Public Health

Daniel Diekema, MD, MS

Director, Division of Infectious Diseases; Clinical Professor, Internal Medicine – Infectious Diseases; Clinical Professor, Pathology, University of Iowa Carver College of Medicine

Andrea Green Hines, MD

Medical Director, Antimicrobial Stewardship, Children's Hospital and Medical Center; Clinical Assistant Professor, Department of Internal Medicine, Division of Infectious Diseases; Assistant Professor, Department of Pediatric Infectious Diseases, University Nebraska Medical Center

John Horne, MD

Assistant Professor, Division of Infectious Diseases, Department of Medicine, Medical Microbiology and Immunology, Creighton University School of Medicine

Kristi Kuper, PharmD, BCPS

Senior Clinical Manager, Infectious Diseases, Vizient Inc.

Jasmine Marcelin, MD

Associate Medical Director, Antimicrobial Stewardship Program, Nebraska Medicine; Assistant Professor, Department of Internal Medicine, Division of Infectious Diseases, University of Nebraska Medical Center

Rebecca Ortmeier, PharmD

Consultant Pharmacist Team Leader, Community Pharmacy Services

Caitlin Pedati, MD, MPH, FAAP

Medical Epidemiologist, HAI Outbreak Manager, Nebraska Healthcare Associated Infections Program, Nebraska Department of Health & Human Services

Tammi Schaffart, BSN, RN

Infection Control Nurse and QAPI Coordinator, Douglas County Health Center

Arjun Srinivasan, MD (CAPT, USPHS)

Associate Director for Healthcare-Associated Infection Prevention Programs, Division of Healthcare Quality Promotion, National Center for Emerging and Zoonotic Infectious Diseases, Centers for Disease Control and Prevention

Maureen Tierney, MD, MSc

HAI/AR Program Manager, Nebraska Healthcare Associated Infections Program, Nebraska Department of Health & Human Services

Kate Tyner, BSN, RN, CIC

Nurse Coordinator, Nebraska ICAP and Nebraska ASAP, Nebraska Medicine

Trevor Van Schooneveld, MD

Co-Medical Director, Nebraska ASAP and Medical Director, Antimicrobial Stewardship Program, Nebraska Medicine; Associate Professor, Department of Internal Medicine, Division of Infectious Diseases, University of Nebraska Medical Center

Renuga Vivekanandan, MD

Director, Hospital Epidemiology and Antimicrobial Stewardship, CHI Health; Assistant Professor, Division of Infectious Diseases, Department of Medicine, Medical Microbiology and Immunology, Creighton University School of Medicine
